Welcome to Halley's Camps

You're invited to experience a great fishing adventure, an experience that has been in place for over 77 years!

Incredible walleye, northern pike, and smallmouth bass fishing are truly out of this world on the English River located north of Minaki, Ontario. As we continue to operate as a family business (started in 1946), we see that traditions are still important—our fishermen return year after year. Fishermen not only boat large numbers of fish, but find that the

quality of the fishery is amazing. We have hundreds of miles of shoreline on the lakes, which is thousands of acres of water to fish, with little fishing pressure. Guests at Halley's Camps eat their own catch of the day during their shore lunch. In 2022, our guests registered over 1,170 trophy fish!
